EUROSAI Congress Invitation

Czech Republic, PRAGUE
June 2020

3C vision

Communication
Cooperation
Comparison

Hackathon

IT competition for volunteers and activists - How to improve public services and how to make public data more understandable and more attractive to tax payers. We organised 3rd Hackathon in September 2019 and we are preparing **International Hackathon** in March 2020 as one of the EUROSAI Congress activity in Prague.

Examples for EU open data use – EU budget

Resources of the General budget of the EU by member state with details of their origin (sugar quotas, customs duties, share of VAT and GNI) for the period 2015-2019. The absolute amount in EURO and the percentage share of Member States. Plan-approved budget. GDP and the population of the Member States to January 1st. Other incomes. Expenditure by 35 budget areas (headings) and for the 10 most significant EU institutions.

Examples for EU open data use – COFOG

Comparison of expenditure from national budgets of 31 European countries for 16 selected areas according to the COFOG International Classification. The amount of expenditure in EURO, EUR per capita, as % of GDP and as % of total government expenditure. Data OECD + EUROSTAT.
